THE FAMINE.

News from Cashmere is very bad. The increase of distress and famine, joined to incompetency, corruption and want of organization in the department officials, produces a most serious state of affairs.

The disease has appeared in most of the cities of Punjnb. Dacoity or robbery by armed gangs is assuming alarming proportions. In the Cecuus, especially in the Pooriu distsict, for some time past bunds of Dacoits have been scouring the country committing daring attacks on houses and villages. They seem to form part of a regular organization under the command of one Wassad. Brifwand, lately clerk in the financial department. They are suspected of having set the fire which destroyed the government school at Boodwar, Palace Lacourts, postoffice, the police office and fifty houses in Poona on the night of the 13th instant. In their remarkable manifesto to the Bombay government threatening another mutiny and putting a price on the head of the government unless distress is relieved they inform the government that unless extensive public works are at once opened and employment provided for the people, native trades encouraged, taxes reduced and salaries of highly paid Europeans cut down, they will not cease to plunder, and will extend to Europeans what they have hitherto confined to the natives. They will kill the governor of Bombay, hang the judge of the court of sessions of Poua Cary, and murder and rapine throughout this country and engage in a massacre of Europeans.

The manifesto ends by warning the governor that unless he at once complies with the requisitions the price of 1,000 rupees will be put on his head.

Four persons, including Wasade Butwund, append their signatures to the manifesto, and seals.

The government, which at first was inclined to leave the matter in the hands of the local police, is now taking more energetic measures. A considerable number of troops patrol the country, and a reward of 1,000 repees has been offered for the capture of Burtwand.

Rain still holds off in Bihar, Chota and Magpore districts.

Around Calcutta the indigo crop will be very short, and other crops must suffer if showers do not fall very soon.

Prices are already rising. There has been some rain in other districts of Lower Brugal, but more is wanted.

Bombay, May 19.—Incendiary fires, kindled by native malcontents, continue in the Poonah district.

The Indian police killed the ringleader and four men belonging to a band of Dacoits, near the city of Poonah. Several others were wounded.

One thousand troops are engaged in suppressing Dacoits in the Bombay Presidency.

SOUTH AMERICA.

EXECUTIONS.

Panama, May 19.—Gen. Renjifo has announced his intention of executing Gen. Maruianda and several officers captured at the battle of Aguadas, on the ground that they prolonged the revolution against the government after they had lost all hope of success. Several Mexican officers captured recently in the ranks of the revolutionary party in Honduras, will be tried by court martial and shot.

WHITE VS. BLACK.

A White Woman Applies for a Divorce from Her Black Husband and Gets Away with His Personal Property.

Robert Rhodes, a full-blooded moke who runs on the Pittsburgh road, and lives in good style on East Lewis street, is in trouble. On September 22, 1875, he married a white girl, Catherine Juillard, of Lima, O., and she lived with him until last Saturday, when she took up her bed and walked, going to the residence of her father, V. Juillard, in Lake township. Before going, she filed in the Circuit Court a petition for a divorce, setting forth that she had been a dutiful and obedient wife, but that the defendant had treated her cruelly and inhumanly, applying to her vile and abusive epithets, whipping her without cause, striking her with his fist, pulling her over the floor by the hair, beating her with an iron poker, etc. She says he has often threatened to kill her and that she is afraid to live with him. There is no issue from the marriage. She asks alimony, and it looks as if she had helped herself. This morning Rhodes appeared at Ryan's office in a high state of excitement and obtained a search warrant to get possession of a lot of furniture, silver ware, a sewing machine, a revolver, $200 in money, etc., etc., which he says was taken from his house Saturday night and is now at the house of his wife's mother in Lake township.

THE FAMINE.

News from Cashmere is very bad. The increase of distress and famine, joined to incompetentcy, corruption and want of organization in the department officials, produces a most serious state of affairs.

The disease has appeared in most of the cities of Punjab. Dacoity or robbery by armed gangs is assuming alarming proportions. In the Cecaus, especially in the Pooria distsict, for some time past bands of Dacoits have been scouring the country committing daring attacks on houses and villages. They seem to form part of a regular organization under the command of one Wassad. Brifwund, lately clerk in the financial department. They are suspected of having set the fire which destroyed the government school at Boodwar, Palace Lacourts, postoffice, the police office and fifty houses in Poona on the night of the 13th instant. In their remarkable manifesto to the Bombay government threatening another mutiny and putting a price on the head of the government unless distress is relieved they inform the government that unless extensive public works are at once opened and employment provided for the people, native trades encouraged, taxes reduced and salaries of highly paid Europeans cut down, they will not cease to plunder, and will extend to Europeans what they have hitherto confined to the natives. They will kill the governor of Bombay, hang the judge of the court of sessions of Pona Cary, and murder and rapine throughout this country and engage in a massacre of Europeans.

The manifesto ends by warning the governor that unless he at once complies with the requisitions the price of 1,000 rupees will be put on his head.

Four persons, including Wasade Butwund, append their signatures to the manifesto, and seals.

The government, which at first was inclined to leave the matter in the hands of the local police, is now taking more energetic measures. A considerable number of troops patrol the country, and a reward of 1,000 repees has been offered for the capture of Burtwand.

Rain still holds off in Bihar, Chota and Magpore districts.

Around Calcutta the indigo crop will be very short, and other crops must suffer if showers do not fall very soon.

Prices are already rising. There has been some rain in other districts of Lower Brugal, but more is wanted.

Bombay, May 19.—Incendiary fires, kindled by native malcontents, continue in the Poonah district.

The Indian police killed the ringleader and four men belonging to a band of Dacoits, near the city of Poonah. Several others were wounded.

One thousand troops are engaged in suppressing Dacoits in the Bombay Presidency.

SOUTH AMERICA.

EXECUTIONS.

Panama, May 19.—Gen. Renjifo has announced his intention of executing Gen. Marutanda and several officers captured at the battle of Aguadas, on the ground that they prolonged the revolution against the government after they had lost all hope of success. Several Mexican officers captured recently in the ranks of the revolutionary party in Honduras, will be tried by court martial and shot.

WHITE VS. BLACK.

A White Woman Applies for a Divorce from Her Black Husband and Gets Away with His Personal Property.

Robert Rhodes, a full-blooded moke who runs on the Pittsburgh road, and lives in good style on East Lewis street, is in trouble. On September 22, 1875, he married a white girl, Catherine Juillard, of Lima, O., and she lived with him until last Saturday, when she took up her bed and walked, going to the residence of her father, V. Juillard, in Lake township. Before going, she filed in the Circuit Court a petition for a divorce, setting forth that she had been a dutiful and obedient wife, but that the defendant had treated her cruelly and inhumanly, applying to her vile and abusive epithets, whipping her without cause, striking her with his fist, pulling her over the floor by the hair, beating her with an iron poker, etc. She says he has often threatened to kill her and that she is afraid to live with him. There is no issue from the marriage. She asks alimony, and it looks as if she had helped herself. This morning Rhodes appeared at Ryan's office in a high state of excitement and obtained a search warrant to get possession of a lot of furniture, silver ware, a sewing machine, a revolver, $200 in money, etc., etc., which he says was taken from his house Saturday night and is now at the house of his wife's mother in Lake township.

Congressional Summary.

Saturday, May 17.—SENATE.—Consideration was resumed of the legislative, judicial and executive appropriation bill, and an amendment by Mr. Voorhees appropriating $5,000 for the purchase of works of art was adopted; also an amendment appropriating $8,000 to provide for a representative at the possible bi-metallic currency conference in Europe. HOUSE.—The silver bill was resumed, and an amendment was offered confining the privilege of free coinage to silver mined in the United States.

FRANK HURD would make a strong democratic nominee for governor of Ohio.

THE difficulty in obtaining a sufficient supply of water at the fire yesterday, illustrates the necessity for the erection of water works at the earliest possible moment.

WE showed on Saturday that the board of health has abundant power to place the city in first-class sanitary condition, regardless of the council. Will it do so? We shall see.

IF neither SHERMAN nor GARFIELD will accept the Republican nomination for Governor of Ohio, there is Private DALZELL to fall back upon. He would probably accept, and would certainly make a better race than either FOSTER or TAFT.

THE removal of McINTYRE from the superintendency of the deaf and dumb asylum was, we think, a mistake. Mr. McINTYRE has given twenty-six years of faithful service to the state in that capacity, and we know of no charges affecting the manner in which he discharged his difficult and arduous duties. The fact that he is a republican should have had no bearing on the case, as the duties of the office are essentially non-political, and if we are correctly informed Mr. McINTYRE has taken no active interest in politics and done nothing to make himself especially obnoxious. We feel assured that the democracy of the state do not desire the removal of faithful, efficient and experienced officials only because they are republicans.

THE state temperance convention in session at Indianapolis last week, adopted, among other resolutions, the following:

Resolved, that we are opposed to the use of the ribbon movement for political purposes, either for or against any political party, and we disapprove the call made for a temperance convention to nominate candidates for political offices as unwise and premature.

We must compliment the gentlemen composing the convention upon the rare good sense they displayed in the adoption of such a wise and judicious resolution. Any movement having for its object the personal reformation of the dissipated, must meet with general sympathy, even if some of the methods are disapproved. But temperance is not, and cannot properly be made a political issue. The fiasco made by the recent temperance ticket in this city is an excellent illustration of this fact.

A CORRESPONDENT of the Columbus (O.) *Democrat*, living at Kenton, O., furnishes to that paper the following copy of a letter said to have been written by W. H. KERNAN, editor of the Okolona (Miss.) *Southern States*, to the chairman of the Ohio republican state central committee:

OFFICE OF THE "SOUTHERN STATES,"
OKOLONA, Miss., April 30, 1879.

GEN. J. S. ROBINSON:

The papers have been sent agreeable to instructions.

The points are made red-hot this week, and all of them will hit hard. It is advisable to have them copied as extensively as possible. We will mark them for our northern exchanges.

Congressman FRYE regards it as a great success.

We will give them hell according to the extent of our circulation. The larger the subscription list the louder the thunder.

Yours with respect,
WILL H. KERNAN.

THERE is every reason to believe that the *Southern States* is printed in the interest of the republican party, and that it is maintained by contributions from the republican campaign fund. We don't think it will prove a very good investment, as the people are learning too much sense to be fooled by such rubbish as fills every issue of the *Southern States*.

Gov. Williams's Steers.

Gov. Williams has just received returns form the seven car loads of steers that he sent from his farm to New York some ten days ago, about which something has been said. They averaged a little over 1,400 pounds each, and were sold at from 9¼ to 10½, averaging a little over 10 cents, making the whole proceeds over $14,000. He paid $100 per car transportation, which makes a reduction of $700 on the lot, leaving a little over $13,000 net, which is about $130 per head. He has two or three carloads not quite so fine, and about two carloads of hogs which he will ship shortly. The governor has the most of his lands in blue grass pastures and raises about 1,000 acress of corn, all of which he feeds to his cattle and hogs, and frequently buys considerable besides. The governor is essentially an agriculturist. He was president of the State Agricultural Society and of his own county society for many years, and believes his success as a farmer is largely attributable to the interest he has always taken in agricultural societies. He says that they are the great educators of the farmer, and that if farmers would attend every fair in the county and encourage their children to exhibit, instead of trying to make lawyers, doctors and preachers out of the "smart one," they would be more happy, contented and prosperous; there would be less use for poor houses, jails, and gallows; less drunkenness, fewer divorces, fewer tramps, less law and lower taxes by all manner of odds.

The Election of County Superintendents.

[Indiana School Journal.]

The time is near at hand when township trustees will be called upon to choose county superintendents for the next term of two years. That the office of county superintendent is an important one, all who are acquainted with its duties and responsibilities will agree. The educational welfare of about 400,000 children will depend upon the selection of this officer. No other county officer bears such a vital relation to the people. Considering, then, the responsibility and great importance of this office, the greatest possible care should be taken to place in it the best men available.

This is a matter above politics. A trustee who is not able to rise above partizan considerations in making an appointment of this kind, is certainly not fit for his position as guardian of the best interests of the children of his township. The question, and the only question, a trustee should ask himself before casting his vote for superintendent, should *not* be "what party does the candidate belong to?" but "which candidate is most capable and will serve the school to the best purpose?" Politics should have no more to do in the selection of a county superintendent than it should have in the selection of a teacher, a preacher, or a lawyer; it is purely a matter of *ability to do good work*. If the present incumbent is a good man, doing efficient service, he should be re-elected by all means. The cry "he has had the office long enough, let it be passed around," should have no weight whatever. This is not an office that is to be passed around for the good of the holder; it is one to be held *for the good of the people*. Experience in such an office as this stands for much. A man who has filled the office for one or two terms is worth very much more than a new man of equal ability.

A WORD TO DOUBTERS.

There is a good old English maxim that teaches us to "believe every man honest until we know him to be a villain." American custom seems to have reversed this law and appears to make every man a villain until he has proved himself an honest man. As with people, so with things. Every article placed in our markets can lay claim to popular favor upon intrinsic merit and value alone. Continued popularity, therefore, is proof positive of intrinsic excellence. Dr. Price's Family Remedies are far more popular than ever before. The people have tested them and know them to be genuine remedies for the diseases they are recommended to cure. The Golden Medical Discovery and Purgative Pellets are the best alterative, tonic, and cathartic remedies that can be used in chronic diseases of the stomach and liver. The world-wide popularity of the Favorite Prescription, as a never-failing remedy for female diseases, would have alone secured to its discoverer the fame he has so richly won. Dr. Sage's Catarrh Remedy, of which Dr. Pierce is also proprietor, is recommended by those who have tested its virtue as a safe and reliable remedy for catarrh in its worst forms.

We Challenge the World.

When we say we believe, we have evidence to prove that Shiloh's Consumption Cure is decidedly the best Lung Medicine made, in as much as it will cure a common or chronic cough in one half the time and relieve Asthma, Bronchitis, Whooping Cough, Croup, and show more cases of Consumption cured than all others. It will cure where they fail; it is pleasant to take, harmless to the youngest child, and we guarantee what we say. Price, 10 cents, 50 cents and $1. If your Lungs are sore, Chest or Back lame, use Shiloh's Porous Plaster. Sold by Dreier & Bro. 1

PERRY PERAMBULATIONS

Something About the Beauties of Nature—Educational, Religious and Personal.

[Correspondence of the Sentinel.]

Perry Township, May 17, 1879.—Some said the agricultural and the horticultural was all correct; but that there was too wide a difference between the meteorological and the theological. Let us explain. Theology is that science which enables us to solve the mystery—of life; meteorology is that science which enables us to solve the mystery—of weather. So you see they are both sciences that solve mysteries, and, according to the well-known axiom, "things that are equal to the same thing must be equal to each other," man and weather are equal so far that you can predict of neither one as to how they will act three days hence.

If you have any lovers of nature in the city, let them seek the country at this time and drink in the beauties of nature.

Where we are writing, this morning, tall oak trees, robed in garments of green, stand along the margin of the woods, and with their great uplifted arms and leafy spray throw patches of shade upon adjacent fields, shadows that ever shift with the western course of the sun. Wild flowers are blooming around us in luxuriant array, and to their magnificent beauty add fragrant perfume—so that all the varied tints of nature's cloak, together with the singing birds, make a person fairly drunk with pleasure. It seems to us that nature is trying to outdo herself and going crazy with joy at the return of spring.

This last paragraph is perhaps somewhat labored in its style, and some may think it too sentimental.

Reader—Shouldst thou, perchance, be one of the fairer sex—a blooming, blushing maiden—we beg pardon for inflicting—we did not mean to allow our more reasonable self to run away from us. So don't judge too harshly, "not with a critic's eye" scan; but we couldn't help ourselves. Reader, if you are some cold-hearted, close-fisted, some cool, sneering cynic, why don't read it. *Stop* e're you are done with it. The SENTINEL is the cheapest paper in the country, and you can't expect everything to be set in "gems." A thing, an idea, a thought—no matter on what subject—which pleases everybody and disgusts no one, is worthless. Show us a man who is sometimes disgusted with what we are and what we may say, and we will show you a man, who is glad such a man was born. If you are of the sterner sex we don't care a jot for your opinion—pass us by if you wish—the moment we know of it, we shall be happy.

The schools about Huntertown have been closed the past week. A mild form of scarlet fever is roaming at large.

Sabbath schools have been started at Perry Centre and at Union Chapel. Exercises at Perry Centre at 9.30 a. m.; Union Chapel at 3 p. m. each and every Sabbath.

'Tis said the fold of Fort Wayne is to be pitied. Trade all going to Wallen, which will soon be a rival. Mr. Levi Bowser, who is building quite an addition to his store at Academie Station, we understand, is starting a branch store at Wallen.

When shall we have *peas?*

Hands that the rod of empirs might have swayed are to the left of us, both disheartened and dismayed! Yes, hands whose hearts with grief are weighed, because they've spilled all their lemonade. Poetically yours,

A. M. C.

It is a fact well established by unquestionable testimony that Hall's Hair Renewer renews, cleanses, brightens, invigorates and restores to its original color and lustre, faded gray or discolored hair, cheaply, quickly and surely. The poorest people prefer to buy it and use it, rather than to proclaim in a manner more forcible than words can delineate, through blanched locks or grizzly beard, that they are aged and passing to decay. A very short trial will convince the most skeptical that it does eradicate the scalp diseases which rob the hair of its color and life.—*Fort Scott (Kan.) Daily Monitor.*

Facts that We Know.

If you are suffering from a severe cough, cold, asthma, bronchitis, consumption, loss of voice, tickling in the throat, or any affection of the throat or lungs, *we know* that DR. KING'S NEW DISCOVERY will give you immediate relief. We know of hundreds of cases it has completely cured, and that where all other medicines had failed. No other remedy can show one half as many *permanent cures*. Now to give you satisfactory proof that DR. KING'S NEW DISCOVERY *will cure* you of Asthma, Bronchitis, Consumption, severe Coughs and Colds, Hoarseness, or any Throat or Lung disease, if you will call at Dreier & Bro.'s Drug Store we will give you a trial bottle *free of cost*, or a regular size for $1.00. 4

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, tetter, chapped hands, chilblains, corns, and all kinds of skin eruptions. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

Do You Believe It?

That in this town there are scores of persons passing our store every day whose lives are made miserable by Indigestion, Dyspepsia, Sour and Distressed Stomach, Liver Complaint, Constipation, etc., when for 75 cents we will sell them Shiloh's Vitalizer, guaranteed to cure them. Sold by Dreier & Bro. 2

After you have tried nearly everything to get cured of Chronic Chills and Fever or Fever and Ague in vain, we would advise you to try Dr. F. Wilhoft's Anti-Periodic or Fever and Ague Tonic. It is not pleasant to take, but it contains no Quinine, never fails to cure. Its composition is printed on the inside wrapper of each bottle, and it is indorsed by the most eminent physicians. For sale by all druggists.

There Will Be No Break.

[Adams County Union.]

Since the "change" the Fort Wayne SENTINEL has been crowding the other journals of that city and is playing round the track in a lively manner, and if she don't "break" or "fly the track" the stake is for the SENTINEL'S success. Hip! hip!

The right thing in the right place is without doubt Dr. Bull's Baby Syrup, the best remedy for Babies while teething. Price 25 cents a bottle.

Should you be suffering from the milder forms of scrofula or skin eruptions, always use a remedy supplied by nature. Such a remedy is Ofner Rakoczy Bitter Water. This water is perfectly harmless, but has powerful alterative properties, and should always be used in preference to such a dangerous drug as mercury; at least so say some of the prominent physicians of Europe. A wine-glassful a dose. For sale by all druggists.

CAN'T PREACH GOOD.

No man can do a good job of work, preach a good sermon, try a law-suit well, doctor a patient or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition, when it can be so easily and cheaply removed by a little Hop Bitters. See "Truths" and "Proverbs," other column.

Cuticura

REMEDIES.

Infallibly Cure all Skin and Scalp Diseases, Scaly Eruptions, Itchings and Irritations.

The testimonials of permanent cures of Skin and Scalp Diseases which have been the torture of a lifetime, by the CUTICURA REMEDIES, are more wonderful than any ever performed before by any methods or remedies known to the medical profession.

CUTICURA RESOLVENT, a powerful Blood Purifier, is the only purifying agent which finds its way into the circulating fluid and thence through the oil and sweat glands to the surface of the skin, thus destroying the poisonous elements, with which these vessels have been daily charged.

CUTICURA, the Great Skin Cure, applied externally, arrests all unnatural or morbid growths which cover the surface of the diseased glands and tubes with Scaly, Itching and Irritating humors, speedily it removes them, leaving the pores open, healthy, and free from diseased particles of matter.

Thus internally and externally do these great bodies act in conjunction, performing cures that have astonished the most noted physicians of the day.

SALT RHEUM FOR 30 YEARS

Or the Head, Face, and the Greater Part of the Body, Cured.

MESSRS. WEEKS & POTTER: *Gentlemen*—I have been a great sufferer with Salt Rheum for 30 years, commencing in my head and face and extending over the greater part of my body. I have taken gallons of medicines for the blood of different kinds and tried good physicians, all of which did me no good, and came to the conclusion that I could not be cured. But a friend called my attention to an article in the *Union* on skin diseases, and I got a box of CUTICURA. The first application was a great relief and the third took the scales off, and I felt like a new man. I have used three 50-cent boxes and my skin is smooth and I consider myself entirely cured. Hoping this may be seen by some one afflicted as I have been (if there is any) is my earnest wish. And I cheerfully recommend it to all persons afflicted with like diseases. Yours truly,

E. WILSON LORD.

Agawamm, Mass., Sept. 9, 1878.

The CUTICURA SOAP should be used for cleansing all diseased surfaces, as most soaps are injurious to the skin.

LEPROSY.

A Modern Miracle, Astonishing Results from the Use of CUTICURA.

Messrs. WEEKS & POTTER: *Gentlemen*—We have a case of Leprosy in our poor-house which is being cured by your CUTICURA remedies. The county had employed all of our doctors and had sent to New York for advice, but to no avail.

The patient commenced using the CUTICURA and immediately began getting better.

He had been confined to his bed for two and one half years. *He had not had his clothes on during this time.* Last week he dressed for the first time.

When he walked there would at least one piece of scale come off of him.

This happened every day.

We think it is a wonderful cure.

We do not say he is cured, but he is in a fair way to be cured to say the least. Yours truly, DUNNING BROTHERS,

Druggists and Booksellers.

Alegan, Mich., Feb. 11, 1879.

NOTE.—Messrs. Dunning Brothers are thoroughly reliable gentlemen, and were unknown to us prior to the receipt of this letter. We firmly believe this CUTICURA will permanently cure this very severe case of Leprosy, as it has done many others.

Prepared by Weeks & Potter, Chemists and Druggists, 306 Washington street, Boston, Mass., and for sale by all druggists and dealers. Price of CUTICURA, small boxes, 50 cents; large boxes containing two and one half times the quantity of small, $1. RESOLVENT, $1 per bottle. CUTICURA SOAP, 25 cents per cake; by mail, 30 cents; three cakes, 75 cents.

Congressional Summary.

Saturday, May 17.—SENATE.—Consideration was resumed of the legislative, judicial and executive appropriation bill, and an amendment by Mr. Voorhees appropriating $5,000 for the purchase of works of art was adopted; also an amendment appropriating $3,000 to provide for a representative at the possible bi-metallic currency conference in Europe. HOUSE.—The silver bill was resumed, and an amendment was offered confining the privilege of free coinage to silver mined in the United States.

FRANK HURD would make a strong democratic nominee for governor of Ohio.

THE difficulty in obtaining a sufficient supply of water at the fire yesterday, illustrates the necessity for the erection of water works at the earliest possible moment.

WE showed on Saturday that the board of health has abundant power to place the city in first-class sanitary condition, regardless of the council. Will it do so? We shall see.

IF neither SHERMAN nor GARFIELD will accept the Republican nomination for Governor of Ohio, there is Private DALZELL to fall back upon. He would probably accept, and would certainly make a better race than either FOSTER or TAFT.

THE removal of MCINTYRE from the superintendency of the deaf and dumb asylum was, we think, a mistake. Mr. MCINTYRE has given twenty-six years of faithful service to the state in that capacity, and we know of no charges affecting the manner in which he discharged his difficult and arduous duties. The fact that he is a republican should have had no bearing on the case, as the duties of the office are essentially non-political, and if we are correctly informed Mr. MCINTYRE has taken no active interest in politics and done nothing to make himself especially obnoxious. We feel assured that the democracy of the state do not desire the removal of faithful, efficient and experienced officials only because they are republicans.

THE state temperance convention in session at Indianapolis last week, adopted, among other resolutions, the following:

Resolved, that we are opposed to the use of the ribbon movemen for political purposes, either for or against any political party, and we disapprove the call made for a temperance convention to nominate candidates for political offices as unwise and premature.

We must compliment the gentlemen composing the convention upon the rare good sense they displayed in the adoption of such a wise and judicious resolution. Any movement having for its object the personal reformation of the dissipated, must meet with general sympathy, even if some of the methods are disapproved. But temperance is not, and cannot properly be made a political issue. The fiasco made by the recent temperance ticket in this city is an excellent illustration of this fact.

A CORRESPONDENT of the Columbus (O.) *Democrat*, living at Kenton, O., furnishes to that paper the following copy of a letter said to have been written by W. H. KERNAN, editor of the Okolona (Miss.) *Southern States*, to the chairman of the Ohio republican state central committee:

OFFICE OF THE "SOUTHERN STATES,"
OKOLONA, Miss., April 30, 1879.

Gen. J. S. ROBINSON:

The papers have been sent agreeable to instructions.

The points are made red-hot this week, and all of them will hit hard. It is advisable to have them copied as extensively as possible. We will mark them for our northern exchanges.

Congressman FRYE regards it as a great success.

We will give them hell according to the extent of our circulation. The larger the subscription list the louder the thunder.

Yours with respect,
WILL H. KERNAN.

THERE is every reason to believe that the *Southern States* is printed in the interest of the republican party, and that it is maintained by contributions from the republican campaign fund. We don't think it will prove a very good investment, as the people are learning too much sense to be fooled by such rubbish as fills every issue of the *Southern States*.

Gov. Williams's Steers.

Gov. Williams has just received returns form the seven car loads of steers that he sent from his farm to New York some ten days ago, about which something has been said. They averaged a little over 1,400 pounds each, and were sold at from 9¾ to 10½, averaging a little over 10 cents, making the whole proceeds over $14,000. He paid $100 per car transportation, which makes a reduction of $700 on the lot, leaving a little over $13,000 net, which is about $130 per head. He has two or three carloads not quite so fine, and about two carloads of hogs which he will ship shortly. The governor has the most of his lands in blue grass pastures and raises about 1,000 acress of corn, all of which he feeds to his cattle and hogs, and frequently buys considerable besides. The governor is essentially an agriculturist. He was president of the State Agricultural Society and of his own county society for many years, and believes his success as a farmer is largely attributable to the interest he has always taken in agricultural societies. He says that they are the great educators of the farmer, and that if farmers would attend every fair in the county and encourage their children to exhibit, instead of trying to make lawyers, doctors and preachers out of the "smart one," they would be more happy, contented and prosperous; there would be less use for poor houses, jails, and gallows; less drunkenness, fewer divorces, fewer tramps, less law and lower taxes by all manner of odds.

The Election of County Superintendents.

[Indiana School Journal.]

The time is near at hand when township trustees will be called upon to choose county superintendents for the next term of two years. That the office of county superintendent is an important one, all who are acquainted with its duties and responsibilities will agree. The educational welfare of about 400,000 children will depend upon the selection of this officer. No other county officer bears such a vital relation to the people. Considering, then, the responsibility and great importance of this office, the greatest possible care should be taken to place in it the best men available.

This is a matter above politics. A trustee who is not able to rise above partizan considerations in making an appointment of this kind, is certainly not fit for his position as guardian of the best interests of the children of his township. The question, and the only question, a trustee should ask himself before casting his vote for superintendent, should *not* be "what party does the candidate belong to?" but "which candidate is most capable and will serve the school to the best purpose?" Politics should have no more to do in the selection of a county superintendent than it should have in the selection of a teacher, a preacher, or a lawyer; it is purely a matter of *ability to do good work*. If the present incumbent is a good man, doing efficient service, he should be re-elected by all means. The cry "he has had the office long enough, let it be passed around," should have no weight whatever. This is not an office that is to be passed around for the good of the holder; it is one to be held *for the good of the people*. Experience in such an office as this stands for much. A man who has filled the office for one or two terms is worth very much more than a new man of equal ability.

A WORD TO DOUBTERS.

There is a good old English maxim that teaches us to "believe every man honest until we know him to be a villain." American custom seems to have reversed this law and appears to make every man a villain until he has proved himself an honest man. As with people, so with things. Every article placed in our markets can lay claim to popular favor upon intrinsic merit and value alone. Continued popularity, therefore, is proof positive of intrinsic excellence. Dr. Price's Family Remedies are far more popular than ever before. The people have tested them and know them to be genuine remedies for the diseases they are recommended to cure. The Golden Medical Discovery and Purgative Pellets are the best alterative, tonic, and cathartic remedies that can be used in chronic diseases of the stomach and liver. The world-wide popularity of the Favorite Prescription, as a never-failing remedy for female diseases, would have alone secured to its discoverer the fame he has so richly won. Dr. Sage's Catarrh Remedy, of which Dr. Pierce is also proprietor, is recommended by those who have tested its virtue as a safe and reliable remedy for catarrh in its worst forms.

We Challenge the World.

When we say we believe, we have evidence to prove that Shiloh's Consumption Cure is decidedly the best Lung Medicine made, in as much as it will cure a common or chronic cough in one half the time and relieve Asthma, Bronchitis, Whooping Cough, Croup, and show more cases of Consumption cured than all others. It will cure where they fail; it is pleasant to take, harmless to the youngest child, and we guarantee what we say. Price, 10 cents, 50 cents and $1. If your Lungs are sore, Chest or Back lame, use Shiloh's Porous Plaster. Sold by Dreier & Bro. 1

PERRY PERAMBULATIONS

Something About the Beauties of Nature—Educational, Religious and Personal.

[Correspondence of the Sentinel.]

Perry Township, May 17, 1879.—Some said the agricultural and the horticultural was all correct; but that there was too wide a difference between the meteorological and the theological. Let us explain. Theology is that science which enables us to solve the mystery—of life; meteorology is that science which enables us to solve the mystery—of weather. So you see they are both sciences that solve mysteries, and, according to the well-known axiom, "things that are equal to the same thing must be equal to each other," man and weather are equal so far that you can predict of neither one as to how they will act three days hence.

If you have any lovers of nature in the city, let them seek the country at this time and drink in the beauties of nature.

Where we are writing, this morning, tall oak trees, robed in garments of green, stand along the margin of the woods, and with their great uplifted arms and leafy spray throw patches of shade upon adjacent fields, shadows that ever shift with the western course of the sun. Wild flowers are blooming around us in luxuriant array, and to their magnificent beauty add fragrant perfume—so that all the varied tints of nature's cloak, together with the singing birds, make a person fairly drunk with pleasure. It seems to us that nature is trying to outdo herself and going crazy with joy at the return of spring.

This last paragraph is perhaps somewhat labored in its style, and some may think it too sentimental.

Reader—Shouldst thou, perchance, be one of the fairer sex—a blooming, blushing maiden—we beg pardon for inflicting—we did not mean to allow our more reasonable self to run away from us. So don't judge too harshly, "not with a critic's eye" scan; but we couldn't help ourselves. Reader, if you are some cold-hearted, close-fisted, some cool, sneering cynic, why don't read it. Stop e're you are done with it. The SENTINEL is the cheapest paper in the country, and you can't expect everything to be set in "gems." A thing, an idea, a thought—no matter on what subject—which pleases everybody and disgusts no one, is worthless. Show us a man who is sometimes disgusted with what we are and what we may say, and we will show you a man, who is glad such a man was born. If you are of the sterner sex we don't care a jot for your opinion—pass us by if you wish—the moment we know of it, we shall be happy.

The schools about Huntertown have been closed the past week. A mild form of scarlet fever is roaming at large.

Sabbath schools have been started at Perry Centre and at Union Chapel. Exercises ot Perry Centre at 9.30 a. m.; Union Chapel at 3 p. m. each and every Sabbath.

'Tis said the fold of Fort Wayne is to be pitied. Trade all going to Wallen, which will soon be a rival. Mr. Levi Bowser, who is building quite an addition to his store at Academie Station, we understand, is starting a branch store at Wallen.

When shall we have *peas?*

Hands that the rod of empirs might have swayed are to the left of us, both disheartened and dismayed! Yes, hands whose hearts with grief are weighed, because they've spilled all their lemonade. Poetically yours,

A. M. C.

It is a fact well established by unquestionable testimony that Hall's Hair Renewer renews, cleanses, brightens, invigorates and restores to its original color and lustre, faded gray or discolored hair, cheaply, quickly and surely. The poorest people prefer to buy it and use it, rather than to proclaim in a manner more forcible than words can delineate, through blanched locks or grizzly beard, that they are aged and passing to decay. A very short trial will convince the most skeptical that it does eradicate the scalp diseases which rob the hair of its color and life.—*Fort Scott (Kan.) Daily Monitor.*

Facts that We Know.

If you are suffering from a severe cough, cold, asthma, bronchitis, consumption, loss of voice, tickling in the throat, or any affection of the throat or lungs, *we know* that DR. KING'S NEW DISCOVERY will give you immediate relief. We know of hundreds of cases it has completely cured, and that where all other medicines had failed. No other remedy can show one half as many *permanent cures*. Now to give you satisfactory proof that DR. KING'S NEW DISCOVERY *will cure* you of Asthma, Bronchitis, Consumption, severe Coughs and Colds, Hoarseness, or any Throat or Lung disease, if you will call at Dreier & Bro.'s Drug Store we will give you a trial bottle *free of cost*, or a regular size for $1.00. 4

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, tetter, chapped hands, chillblains, corns, and all kinds of skin eruptions. This salve is guaranteed to give perfect satisfaction in every case or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

Do You Believe It?

That in this town there are scores of persons passing our store every day whose lives are made miserable by Indigestion, Dyspepsia, Sour and Distressed Stomach, Liver Complaint, Constipation, etc., when for 75 cents we will sell them Shiloh's Vitalizer, guaranteed to cure them. Sold by Dreier & Bro. 2

After you have tried nearly everything to get cured of Chronic Chills and Fever or Fever and Ague in vain, we would advise you to try Dr. F. Wilhoft's Anti-Periodic or Fever and Ague Tonic. It is not pleasant to take, but it contains no Quinine, never fails to cure. Its composition is printed on the inside wrapper of each bottle, and it is indorsed by the most eminent physicians. For sale by all druggists.

There Will Be No Break.

[Adams County Union.]

Since the "change" the Fort Wayne SENTINEL has been crowding the other journals of that city and is playing round the track in a lively manner, and if she don't "break" or "fly the track" the stake is for the SENTINEL'S success. Hip! hip!

The right thing in the right place is without doubt Dr. Bull's Baby Syrup, the best remedy for Babies while teething. Price 25 cents a bottle.

Should you be suffering from the milder forms of scrofula or skin eruptions, always use a remedy supplied by nature. Such a remedy is Ofner Rakoczy Bitter Water. This water is perfectly harmless, but has powerful alterative properties, and should always be used in preference to such a dangerous drug as mercury; at least so say some of the prominent physicians of Europe. A wine-glassful a dose. For sale by all druggists.

CAN'T PREACH GOOD.

No man can do a good job of work, preach a good sermon, try a law-suit well, doctor a patient or write a good article when he feels miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition, when it can be so easily and cheaply removed by a little Hop Bitters. See "Truths" and "Proverbs," other column.

Cuticura

REMEDIES.

Infallibly Cure all Skin and Scalp Diseases, Scaly Eruptions, Itchings and Irritations.

The testimonials of permanent cures of Skin and Scalp Diseases which have been the torture of a lifetime, by the CUTICURA REMEDIES, are more wonderful than any ever performed before by any methods or remedies known to the medical profession. CUTICURA RESOLVENT, a powerful Blood Purifier, is the only purifying agent which finds its way into the circulating fluid and thence through the oil and sweat glands to the surface of the skin, thus destroying the poisonous elements, with which these vessels have been daily charged.

CUTICURA, the Great Skin Cure, applied externally, arrests all unnatural or morbid growths which cover the surface of the diseased glands and tubes with Scaly, Itching and Irritating humors, speedily it removes them, leaving the pores open, healthy, and free from diseased particles of matter.

Thus internally and externally do these great bodies act in conjunction, performing cures that have astonished the most noted physicians of the day.

SALT RHEUM FOR 30 YEARS

On the Head, Face, and the Greater Part of the Body, Cured.

MESSRS. WEEKS & POTTER: *Gentlemen*—I have been a great sufferer with Salt Rheum for 30 years, commencing in my head and face and extending over the greater part of my body. I have taken gallons of medicines for the blood of different kinds and tried good physicans, all of which did me no good, and came to the conclusion that I could not be cured. But a friend called my attention to an article in the *Union* on skin diseases, and I got a box of CUTICURA. The first application was a great relief and the third took the scales all off, and I felt like a new man. I have used three 50-cent boxes and my skin is smooth and I consider myself entirely cured. Hoping this may be seen by some one afflicted as I have been (if there is any) is my earnest wish. And I cheerfully recommend it to all persons afflicted with like diseases. Yours truly,
B. WILSON LORD.

Agawama, Mass., Sept. 9, 1878.

The CUTACURA SOAP should be used for cleansing all diseased surfaces, as most soaps are injurious to the skin.

LEPROSY.

A Modern Miricle, Astonishing Results from the Use of CUTICURA.

Messrs. WEEKS & POTTER: *Gentlemen*—We have a case of Leprosy in our poor-house which is being cured by your CUTI-remedies. The county had employed all of our doctors and had sent to New York for advice, but to no avail.

The patient commenced using the CUTICURA and immediately began getting better.

He had been confined to his bed for two and one half years. *He had not had his clothes on during this time.* Last week he dressed for the first time.

When he walked there would at least *one quart* of scales come off of him.

This happened every day.

We think it is a wonderful cure.

We do not say he is cured, but he is in a fair way to be cured to say the least. Yours truly,
DUNNING BROTHERS,
Druggists and Booksellers.

Alegan, Mich., Feb. 11, 1879.

NOTE.—Messrs. Dunning Brothers are thoroughly reliable gentlemen, and were unknown to us prior to the receipt of this letter. We firmly believe this CUTICURA will permanently cure this very severe case of Leprosy, as it has done many others.

Prepared by Weeks & Potter, Chemists and Druggists, 306 Washington street, Boston, Mass., and for sale by all druggists and dealers. Price of CUTICURA, small boxes, 50 cents; large boxes containing two and one half times the quantity of small, $1. RESOLVENT, $1 per bottle. CUTICURA SOAP, 25 cents per cake; by mail, 30 cents; three cakes, 75 cents.

THE GENUINE

DR. C. McLANE'S

CELEBRATED

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. MCLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. MCLANE'S LIVER PILLS.

The genuine MCLANE'S LIVER PILLS bear the signatures of C. MCLANE and FLEMING BROS. on the wrappers.

Insist upon having the genuine DR. C. MCLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.

THEY ARE WORTH THEIR

WEIGHT in GOLD

READ WHAT HE SAYS:

DR. TUTT:—Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation and Piles. Last spring your Pills were recommended to me; I used them (but with little faith). I am now a well man, have good appetite, digestion perfect, regular stools, piles gone, and I have gained forty pounds solid flesh. They are worth their weight in gold.

REV. R. L. SIMPSON, Louisville, Ky.

A TORPID LIVER

is the fruitful source of many diseases, such as Dyspepsia, Sick Headache, Costiveness, Dysentery, Bilious Fever, Ague and Fever, Jaundice, Piles, Rheumatism, Kidney Complaint, Colic etc.

Tutt's Pills exert a powerful influence on the Liver, and will with certainty relieve that important organ from disease, and restore its normal functions.

The rapidity with which persons take on flesh, while under the influence of these pills, of itself indicates their adaptability to nourish the body, hence their efficacy in curing nervous debility, dyspepsia, wasting of the muscles, sluggishness of the liver, chronic constipation, and imparting health and strength to the system.

CONSTIPATION.

Only with regularity of the bowels can perfect health be enjoyed. When the constipation of recent date, a single dose of TUTT'S PILLS will suffice, but if it has become habitual, one pill should be taken every night, gradually lessening the frequency of the dose until a regular daily movement is obtained, which will then follow.

Ayer's

Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Travelling is Extra Hazardous

If the tourist is unprovided with some medicinal resource. Changes of temperature, food and water of an unaccustomed or unwholesome quality, and a route that lies in the tropics or other regions where malaria exists, are each and all fraught with danger to one who has been improvident enough to neglect a remedial safeguard. The concurrent testimony of many *voyageurs* by land and sea, establishes the fact that Hostetter's Stomach Bitters enables those who use it to encounter hazards of the nature referred to with impunity; and that, as a medicine adapted to sudden and unexpected exigencies, it is peculiarly valuable. Disorders of the liver, the bowels and the stomach, fever and ague, rheumatism and nervous ailments, brought on by exposure, are among the maladies to which emigrants, travellers and new settlers are most subject. These and others yield to the action of the Bitters promptly and completely.

BLAZES.

An Incendiary Fire Saturday Night and a Burglary—Another Fire Yesterday.

On last Saturday evening a fire broke out in an open shed on the John Taylor brick yard in White's addition. The building was entirely destroyed, including a lot of brick-making machinery. It was insured for $600 in the Hamburg-Bremen Company, by J. B. Comstock, but the loss is estimated to be above that sum. The fire was doubtless the work of incendiaries for the purpose of covering the movements of some burglars who, during the progress of the fire, forced an entrance into the dwelling house of Mrs. Meyers, residing about a block west of the brick-yard, and abstracted about $200 in cash which she had received on the sale of some property quite recently. No arrests.

At 3 o'clock yesterday afternoon, an alarm was turned in, caused by a blaze in the frame building at 307 West Washington street, owned by Wm. Gerke, and occupied by Sim. Bernard. The fire was caused by a defective flue; damage on building $1,000; fully insured; on furniture, $200; no insurance. Some difficulty was experienced in getting a supply of water on account of the distance to a cistern.

THE CLOSING SCENES.

Imposing Obsequies of Mr. Webb, the Murderer's Victim.

An Immense Concourse of People in Attendance.

Action of Harmony Lodge—The Hunt for the Murderers.

THE FUNERAL.

The closing scene in the Webb tragedy yesterday afternoon took place at the late residence of the deceased, where an immense concourse of people gathered to pay the last sad token of respect to Mr. Webb's memory. Long before the appointed hour crowds of people might have been seen moving towards Mr. Webb's house. All kinds of vehicles were brought into use and hundreds went on foot.

THE REMAINS

were encased in a handsome burial casket, and notwithstanding the tragical death, the face wore a calm and peaceful expression. A plate on the coffin bore the name and age of the deceased. Several exquisite floral ornaments were displayed.

The services were begun with an impressive prayer by the Rev. M. E. Mahin, followed with singing by the Wayne street M. E. quartette. The reverend gentleman then preached a somewhat long and tedious discourse from Psalms, xxxix, 4:

"Lord, make me to know mine end, and the measure of my days, what it is, that I may know how frail I am."

The sermon was a doctrinal one, being an argument for the inspiration of the bible and the immortality of the soul. Nothing was said of Mr. Webb save that he had spent his last hours in lifting up his soul to God and praying for forgiveness. The vast number who had assembled in the hope of hearing something of the departed man, and of the crime by which his life was taken, were naturally disappointed. After another hymn, the procession was formed and moved towards the cemetery. A great many carriages started away before the hearse left the grounds, notwithstanding which the procession was over a mile in length, the hearse being at the grave before the end of the line had left Mr. Webb's house. The procession was led by the Fort Wayne City Band, playing a solemn dirge, followed by the Odd Fellows of the city to the number of about four hundred, in full regalia, with Col. Zollinger as chief marshal and Louis Vordiermark and Wm. Killian as assistants. Nearly every member of Harmony lodge was out; and very large delegations from Fort Wayne and Concordia lodges. The pall bearers were F. H. Sleeper, P. J. Wise, John M. Miller, Jacob Fry, Geo. Stanton and Jas. Bookwalter. At the grave the solemn and beautiful service of the Odd Fellows fraternity was read by the chaplain, Alex Bayless, after which the brethren, as they passed around the open grave, singing a solemn chant, each dropped a twig of evergreen upon the coffin. The benediction was pronounced by the Rev. A. E. Mahin, and the assemblage dispersed.

ACTION OF HARMONY LODGE.

The Harmony Lodge room is draped in mourning for thirty days in honor of the deceased, during which time the members will all wear crape about their left arm.

The lodge adopted resolutions returning thanks to the members of the other Odd Fellows' lodges for their large attendance upon the funeral, and offering a reward of $200 for the apprehension of the murderers. A committee consisting of Messrs. Zollinger, Chittenden and Stratton was appointed to draft appropriate resolutions of respect.

HUNTING FOR THE MURDERER.

The officers have by no means given up all hope of apprehending the man who committed this foul crime, although the prospects are not encouraging. As will be seen from Sheriff Munson's advertisement elsewhere, the rewards now offered aggregate $700. Very careful descriptions of the men are given. The difficulty of conviction is not so great as at first believed, as the officers are in possession of some evidence which will prove conclusive.

THE SUICIDE THEORY.

The theory of suicide has been advanced in certain quarters, but there is no ground whatever upon which to base it. The report that Mr. Webb once attempted suicide was entirely without foundation. No one who talked with him after the shooting can for one moment entertain the theory of suicide. The wounded man, in the full consciousness that death would soon occur, gave a minute and careful account of all the circumstances of the affair, and a complete description of the murderer. These accounts he repeated several times, and in his semi-conscious moments there was no intimation that his statement was incorrect. No weapon was found, Mr. Webb's horse pistol being in the house at the time of the shooting. There was no known motive for suicide, and, if Mr. Webb had undertaken to kill himself, he would undoubtedly have inflicted a wound which would have resulted in instant death.

YOU CAN BE HAPPY

If you will stop all your extravagant and wrong notions in doctoring yourself and families with expensive doctors or humbug cure-alls, that do harm always, and use only nature's simple remedies for all your ailments, you will be wise, well and happy, and save great expense. POLICE PICKINGS.

How the Army in Flanders Showed Up This Morning.

A Beggarly Array of Rag Tag and Bobtail.

The army in Flanders filed out of their barracks, on Court street, shortly before 9 o'clock this morning and marched down to city hall, where seats had been reserved for them. A reception committee consisting of Mayor Zollinger, City Marshal Diehl and Chief Smith, received them and contrived to make their stay entertaining and pleasant. Nine vags presented their smiling faces around the bar. They had been gobbled up by a posse of policemen Saturday night, at the gravel pit.

M. O'Brien, a one-legged gentleman, stated that he was on his way to Pittsburgh to meet his brother and never—no, never—begged in his life, when he was bounced by Capt. Smith and jugged. His brothers were expecting him, and the mayor not liking to disappoint the gentleman's relatives, told him to skip at once.

Charles Clemmens took a front seat and explained to his honor that he was the sole support of his crippled brother, who has lost both legs. He says he arrived in the city on Saturday and never was in the town before. Chief Smith felt obliged to contradict the sole supporter's statement, inasmuch as the captain has known him ever since he (Capt.) has been on the force. His brother, he said, came here from Chicago on a pass and is now at the gravel pit, waiting for him in a special car—a Pullman, with Van Liew's patent grain doors. The mayor felt sorry that circumstances were thus, but the city was short of stones, and the welfare of the city must be looked after first, and if Mr. Clemmens would do a good job on the stone pile for twenty-five days he would consider his case.

Miles Green is a sailor who showed up a horny hand to prove that his bread was a product of the sweat of his brow. He was sailing for Chicago via the P., Ft. W. & C. R. R. when a dead calm overtook him and the pirates grappled him fore and aft and towed him into the dry dock. The mayor gave him the benefit of any doubt in the case and told him to heave ahead.

Ed. Furnace hailed from Wabash, and was looking for work; said he was a marble and stone cutter. His honor told him to find work quick or he'd give him a job at his trade over the river.

James Dixon wanted to go to Chicago, and hadn't time to stop with us very long. The mayor detained him not.

The balance of the party pleaded guilty, and were assessed $5 each. Unfortunately they had forgotten their bank books, and were escorted over the canal.

Dan'l Reilly was arrested by Patrolman Humbrecht, yesterday evening, for being drunk and disorderly and making use of expressions not conformable to the rules of English grammar. He stated that he had a touch of ague and was trying to forget his cares for a day, and wouldn't bother the court any more, if the court didn't bother him, as he was ditching for a man in the country. The mayor discharged him with a fatherly warning that upon his next offense he would be transported to Stony Point.

Wm. Mullhaven answered here at roll call and said that to the charge of drunk and disorderly he hadn't much to say, only that he would be more careful in the future. His honor hadn't much to say either, and merely remarked $3 and costs. To the charge of resisting an officer, William said he didn't remember a thing about it. Officer Conner, however, seemed to have some recollection of the matter, as William kicked him on the front part of his vest and demonstrated his cussedness in several disagreeable ways. William expressed great penitence and regret that he acted that way toward Conners, who was a warm friend of his. The Mayor, in consideration of this warm friendship and other mitigating circumstances, assessed Mr. Mulhaven, on the second charge, $5.00 and costs. By the Mayor's double rule of three, $5.00 and costs plus $5.00 and costs makes twenty-seven days on a stone pile.

Weiner Wurst Jake was a passive spectator of the foregoing, and in answer to his name nodded his head with decisive emphasis.

He was charged by officer Conners with having refused to assist an officer in the performance of his duty when called upon, as provided for in a city ordinance. Jake though a big man like Conners could get away with a little man like Mulhaven, and so refused to lend his assistence, furthermore it was Sunday, and he appeared to have thought that the ordinance should be suspended on that day. The mayor and he couldn't agree so they compromised the matter by assessing a fine of $2.00 and costs, amounting to $7.00 upon Jacob. He discounted the hill and left.

Aaron Dehaven, for provoke on the person of Martha Dehaven, was fined $1.00 and costs.

Dr. Pierce's Pleasant Purgative Pellets,

The "Little Giant" Cathartic.

No use of taking the large, repulsive, nauseous pills, composed of chalk, crude, and bulky ingredients. These pellets are scarcely larger than mustard seeds.

Being entirely vegetable, no particular care is required while using them. They operate without disturbance to the constitution, diet, or occupation. For Jaundice, Headache, Constipation, Impure Blood, Pain in the Shoulders, Tightness of the Chest, Dizziness, Sour Eructations from the Stomach, Bad Taste in the Mouth, Bilious attacks, Pain in region of Kidneys, Internal Fever, Bloated feeling about Stomach, Rush of Blood to Head, take Dr. Pierce's Pleasant Purgative Pellets. In explanation of the remedial power of these Purgative Pellets over so great a variety of diseases, it may be said that their action upon the animal economy is universal, not a gland or tissue escaping their sanative impress. Age does not impair the properties of these Pellets. They are sugar-coated and inclosed in glass bottles, their virtues being thereby preserved unimpaired for any length of time, in any climate, so that they are always fresh and reliable. Ayer's *Hair Vigor,*

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

THE GENUINE

DR. C. McLANE'S

CELEBRATED

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS. on the wrappers.

TUTT'S PILLS!

A NOTED DIVINE SAYS THEY ARE WORTH THEIR WEIGHT in GOLD

READ WHAT HE SAYS:

DR. TUTT:—Dear Sir: For ten years I have been a martyr to Dyspepsia, Constipation and Piles. Last Spring your Pills were recommended to me; I used them (but with little faith). I am now a well man, have good appetite, digestion perfect, regular stools, piles gone, and I have gained forty pounds solid flesh. They are worth their weight in gold.

REV. R. L. SIMPSON, Louisville, Ky.

A TORPID LIVER

is the fruitful source of many diseases, such as Dyspepsia, Sick Headache, Costiveness, Dysentery, Bilious Fever, Ague and Fever, Jaundice, Piles, Rheumatism, Kidney Complaint, Colic, etc.

Tutt's Pills exert a powerful influence on the Liver, and will with certainty relieve that important organ from disease, and restore its normal functions.

The rapidity with which persons take on flesh, while under the influence of these pills, of itself indicates their adaptability to nourish the body, hence their efficacy in curing nervous debility, dyspepsia, wasting of the muscles, sluggishness of the liver, chronic constipation, and imparting health and strength to the system.

CONSTIPATION.

Only with regularity of the bowels can perfect health be enjoyed. When the constipation is of recent date, a single dose of TUTT'S PILLS will suffice, but if it has become habitual, one pill should be taken every night, gradually lessening the frequency of the dose until a regular daily movement is obtained, which will soon follow.

Travelling is Extra Hazardous

If the tourist is unprovided with some medicinal resource. Changes of temperature, food and water of an unaccustomed or unwholesome quality, and a route that lies in the tropics or other regions where malaria exists, are each and all fraught with danger to one who has been improvident enough to neglect a remedial safeguard. The concurrent testimony of many voyagers by land and sea establishes the fact that Hostetter's Stomach Bitters enables those who use it to encounter hazards of the nature referred to with impunity; and that, as a medicine adapted to sudden and unexpected exigencies, it is peculiarly valuable. Disorders of the liver, the bowels and the stomach, fever and ague, rheumatism and nervous ailments, brought on by exposure, are among the maladies to which emigrants, travellers and new settlers are most subject. These and others yield to the action of the Bitters promptly and completely.

BLAZES.

An Incendiary Fire Saturday Night and a Burglary—Another Fire Yesterday.

On last Saturday evening a fire broke out in an open shed on the John Taylor brick yard in White's addition. The building was entirely destroyed, including a lot of brick-making machinery. It was insured for $600 in the Hamburg-Bremen Company, by J. B. Comstock, but the loss is estimated to be above that sum. The fire was doubtless the work of incendiaries for the purpose of covering the movements of some burglars who, during the progress of the fire, forced an entrance into the dwelling house of Mrs. Meyers, residing about a block west of the brick-yard, and abstracted about $200 in cash which she had received on the sale of some property quite recently. No arrests.

At 3 o'clock yesterday afternoon, an alarm was turned in, caused by a blaze in the frame building at 307 West Washington street, owned by Wm. Gerke, and occupied by Sim. Bernard. The fire was caused by a defective flue; damage on building $1,000; fully insured; on furniture, $200; no insurance. Some difficulty was experienced in getting a supply of water on account of the distance to a cistern.

THE CLOSING SCENES.

Imposing Obsequies of Mr. Webb, the Murderer's Victim.

An Immense Concourse of People in Attendance.

Action of Harmony Lodge—The Hunt for the Murderers.

THE FUNERAL.

The closing scene in the Webb tragedy yesterday afternoon took place at the late residence of the deceased, where an immense concourse of people gathered to pay the last sad token of respect to Mr. Webb's memory. Long before the appointed hour crowds of people might have been seen moving towards Mr. Webb's house. All kinds of vehicles were brought into use and hundreds went on foot.

THE REMAINS

were encased in a handsome burial casket, and notwithstanding the tragical death, the face wore a calm and peaceful expression. A plate on the coffin bore the name and age of the deceased. Several exquisite floral ornaments were displayed.

The services were begun with an impressive prayer by the Rev. M. E. Mahin, followed with singing by the Wayne street M. E. quartette. The reverend gentleman then preached a somewhat long and tedious discourse from Psalms, xxxix, 4:

"Lord, make me to know mine end, and the measure of my days, what it is, that I may know how frail I am."

The sermon was a doctrinal one, being an argument for the inspiration of the bible and the immortality of the soul. Nothing was said of Mr. Webb save that he had spent his last hours in lifting up his soul to God and praying for forgiveness. The vast number who had assembled in the hope of hearing something of the departed man, and of the crime by which his life was taken, were naturally disappointed. After another hymn, the procession was formed and moved towards the cemetery. A great many carriages started away before the hearse left the grounds, notwithstanding which the procession was over a mile in length, the hearse being at the grave before the end of the line had left Mr. Webb's house. The procession was led by the Fort Wayne City Band, playing a solemn dirge, followed by the Odd Fellows of the city to the number of about four hundred, in full regalia, with Col. Zollinger as chief marshal and Louis Vordermark and Wm. Killian as assistants. Nearly every member of Harmony lodge was out; and very large delegations from Fort Wayne and Concordia lodges. The pall bearers were F. H. Sleeper, P. J. Wise, John M. Miller, Jacob Fry, Geo. Stanton and Jos. Bookwalter. At the grave the solemn and beautiful service of the Odd Fellows fraternity was read by the chaplain, Alex Bayless, after which the brethren, as they passed around the open grave, singing a solemn chant, each dropped a twig of evergreen upon the coffin. The benediction was pronounced by the Rev. A. E. Mahin, and the assemblage dispersed.

ACTION OF HARMONY LODGE.

The Harmony Lodge room is draped in mourning for thirty days in honor of the deceased, during which time the members will all wear crape about their left arm.

The lodge adopted resolutions returning thanks to the members of the other Odd Fellows' lodges for their large attendance upon the funeral, and offering a reward of $200 for the apprehension of the murderers. A committee consisting of Messrs. Zollinger, Chittenden and Stratton was appointed to draft appropriate resolutions of respect.

HUNTING FOR THE MURDERER.

The officers have by no means given up all hope of apprehending the man who committed this foul crime, although the prospects are not encouraging. As will be seen from Sheriff Munson's advertisement elsewhere, the rewards now offered aggregate $700. Very careful descriptions of the men are given. The difficulty of conviction is not so great as at first believed, as the officers are in possession of some evidence which will prove conclusive.

THE SUICIDE THEORY.

The theory of suicide has been advanced in certain quarters, but there is no ground whatever upon which to base it. The report that Mr. Webb once attempted suicide was entirely without foundation. No one who talked with him after the shooting can for one moment entertain the theory of suicide. The wounded man, in the full consciousness that death would soon occur, gave a minute and careful account of all the circumstances of the affair, and a complete description of the murderer. These accounts he repeated several times, and in his semi-conscious moments there was no intimation that his statement was incorrect. No weapon was found, Mr. Webb's horse pistol being in the house at the time of the shooting. There was no known motive for suicide, and, if Mr. Webb had undertaken to kill himself, he would undoubtedly have inflicted a wound which would have resulted in instant death.

YOU CAN BE HAPPY

If you will stop all your extravagant and wrong notions in doctoring yourself and families with expensive doctors or humbug cure-alls, that do harm always, and use only nature's simple remedies for all your ailments, you will be wise, well and happy, and save great expense. POLICE PICKINGS.

How the Army in Flanders Showed Up This Morning.

A Beggarly Array of Rag Tag and Bobtail.

The army in Flanders filed out of their barracks, on Court street, shortly before 9 o'clock this morning and marched down to city hall, where seats had been reserved for them. A reception committee consisting of Mayor Zollinger, City Marshal Diehl and Chief Smith, received them and contrived to make their stay entertaining and pleasant. Nine vags presented their smiling faces around the bar. They had been gobbled up by a posse of policemen Saturday night, at the gravel pit.

M. O'Brien, a one-legged gentleman, stated that he was on his way to Pittsburgh to meet his brother and never—no, never—begged in his life, when he was bounced by Capt. Smith and jugged. His brothers were expecting him, and the mayor not liking to disappoint the gentleman's relatives, told him to skip at once.

Charles Clemmens took a front seat and explained to his honor that he was the sole support of his crippled brother, who has lost both legs. He says he arrived in the city on Saturday and never was in the town before. Chief Smith felt obliged to contradict the sole supporter's statement, inasmuch as the captain has known him ever since he (Capt.) has been on the force. His brother, he said, came here from Chicago on a pass and is now at the gravel pit, waiting for him in a special car—a Pullman, with Van Liew's patent grain doors. The mayor felt sorry that circumstances were thus, but the city was short of stones, and the welfare of the city must be looked after first, and if Mr. Clemmens would do a good job on the stone pile for twenty-five days he would consider his case.

Miles Green is a sailor who showed up a horny hand to prove that his bread was a product of the sweat of his brow. He was sailing for Chicago via the P., Ft. W. & C. R. R. when a dead calm overtook him and the pirates grappled him fore and aft and towed him into the dry dock. The mayor gave him the benefit of any doubt in the case and told him to heave ahead.

Ed. Furnace hailed from Wabash, and was looking for work; said he was a marble and stone cutter. His honor told him to find work quick or he'd give him a job at his trade over the river.

James Dixon wanted to go to Chicago, and hadn't time to stop with us very long. The mayor detained him not.

The balance of the party pleaded guilty, and were assessed $5 each. Unfortunately they had forgotten their bank books, and were escorted over the canal.

Dan'l Reilly was arrested by Patrolman Humbrecht, yesterday evening, for being drunk and disorderly and making use of expressions not conformable to the rules of English grammar. He stated that he had a touch of ague and was trying to forget his cares for a day, and wouldn't bother the court any more, if the court didn't bother him, as he was ditching for a man in the country. The mayor discharged him with a fatherly warning that upon his next offense he would be transported to Stony Point.

Wm. Mullharen answered here at roll call and said that to the charge of drunk and disorderly he hadn't much to say, only that he would be more careful in the future. His honor hadn't much to say either, and merely remarked $3 and costs. To the charge of resisting an officer, William said he didn't remember a thing about it. Officer Conner, however, seemed to have some recollection of the matter, as William kicked him on the front part of his vest and demonstrated his cussedness in several disagreeable ways. William expressed great penitence and regret that he acted that way toward Conners, who was a warm friend of his. The Mayor, in consideration of this warm friendship and other mitigating circumstances, assessed Mr. Mulharen, on the second charge, $5.00 and costs. By the Mayor's double rule of three, $3.00 and costs plus $5.00 and costs makes twenty-seven days on a stone pile.

Weiner Wurst Jake was a passive spectator of the foregoing, and in answer to his name nodded his head with decisive emphasis.

He was charged by officer Conners with having refused to assist an officer in the performance of his duty when called upon, as provided for in a city ordinance. Jake though a big man like Conners could get away with a little man like Mulharen, and so refused to lend his assistence, furthermore it was Sunday, and he appeared to have thought that the ordinance should be suspended on that day. The mayor and he couldn't agree so they compromised the matter by assessing a fine of $2.00 and costs, amounting to $7.00 upon Jacob. He discounted the bill and left.

Aaron Dehaven, for provoke on the person of Martha Dehaven, was fined $1.00 and costs.

THE RAILROADS.

Wabash stock is still on the rise.

A new time schedule took effect on the Muncie yesterday.

The new master mechanic of the Wabash gives excellent satisfaction.

The railroads expect to do a big business in the excursion line this summer.

The change of time announced for yesterday on the Saginaw, was postponed until next Sunday.

The stockholders of the Delphos, Bluffton and Frankfort Railroad Company will meet at Delphos on the 28d inst.

S. Van Horn has resigned the agency of the Wabash & Erie freight line at Toledo and is succeded by C.C. Gridley.

The Muncie road will probably unite with the Saginaw in the erection of the new passenger depot on the north side.

The valuation of the Wabash has been slightly reduced this year. The main line is put down at $3,000 and the side tracks at $3,000 per mile.

The Quincy, Missouri and Pacific Railroad in connection with the Wabash will form nearly an air line from Toledo west to the Missouri River.

Two or three badly shattered cars came in from the west on the Pittsburgh road this morning, but no information as to any wreck could be obtained at the South depot.

The Master Car Builders' Association convenes at Chicago, June 10th, this being its thirteenth annual meeting. The Grand Pacific Hotel has been selected as headquarters.

There are 200 miles of narrow gauge railroad now built and in operation in this state. Toledo is trying to get control of the entire system. Fort Wayne ought to move in the matter.

The Defiance *Democrat* says if the Wabash and B. & O. Roads would make connection with their passenger trains at Defiance it would be a great accommodation to the traveling public.

Wabash earnings are reported as follows: Four months ending April 30; 1879, 1,325,530; 1878, 1,493,627; decrease, 168,093; per cent., 11.26. Month of April, 1879, 411,795; 1878, 411,268; decrease, 50,472; per cent., 14.5.

The annual meeting of the stockholders of the Pittsburgh, Fort Wayne and Chicago Railroad will be held, at Pittsburgh, on Wednesday. J. D. Williams and P. Hoagland will leave for that city to-morrow to attend.

In one of its daily blasts at the Wabash, the Chicago *Times* says that road is in the hands of a receiver. The *Times* ought to know that the road passed out of the hands of a receiver at the time of the organization of the new company.

The following excursions are booked for Rome City over the Grand Rapids road: May 20th, freight clerks; May 24th, Walker and Underhill; June 1st, M. Crosley; June 5th, Good Templars; June 10th, 11th, 12th, Sunday School Congress; June 19th, Fort Wayne City Hospital.

The Hannibal *Courier* reports the following occurrence on the Wabash railway, at Bayliss, last Monday: Five or six tramps were discovered on a freight train 96 and ordered off by Conductor Whitig. As the train started up six shots were fired through the windows of the car, at the conductor, by the tramps. Notwithstanding the car was full of passengers, none of the shots took effect. On arriving at the next station the conductor reported the occurrence, and in a few moments officers of the law were out after the miscreants. They were overtaken, and after a short battle with the officers, were arrested.

THAT WABASH MEETING.

The proceedings of the meeting of the Wabash directors at Toledo on Friday are gradually leaking out. The proposition to make a mortgage on the road of $200,000 for the purpose of taking up the Seeney mortgage was approved. The proposition from the Quincy, Missouri and Pacific road was presented and referred to a special committee, consisting of general manager Hopkins and Mr. Joy, of Detroit. Gen. Dodge stated that the proposition will be favorably acted upon.

A committee from Detroit attended the meeting, and presented the importance of extending the Wabash to that city, and tendering the right of way and depot grounds. No action was taken, but the impression is that they recognized the importance of such an extension, and that some proposition would soon be acted upon.

Judge Cheney of this city, one of the directors, attended the meeting. He has returned home.

REMARKABLE TIME.

That fast train over the Wabash on Saturday, made the best time to St. Louis ever accomplished on a western road. The train left Danville at 12:30 p. m., reaching Decatur at 2:20, left Decatur at 2:25, arriving at St. Louis at 5:32. The train was delayed on the St. Louis branch thirty minutes by hot journals. The distance from Toledo to St. Louis, 432 miles, was made in 11 hours. The train made stops as follows: Defiance, 12 minutes; Fort Wayne 25 minutes; Ladoyette, 5 minutes; Danville 7 minutes; Decatur 5 minutes; St. Louis branch 30 minutes. Total stops, 1 hour and 27 minutes, besides stops for all railroad crossings and for water. At several points the train made considerable distances at a faster rate than a mile a minute. The Wabash folks are very proud of this achievement and well they may be.

SERIOUS ACCIDENT.

An Employe of the Olds Factory Fatally Injured this Morning.

A frightful accident occurred at Olds's spoke factory this morning at about half-past 10 o'clock. A large iron pulley about thirty inches in diameter, revolving at a rapid rate, burst into four pieces and threw them in different directions. One piece, about one-fourth the size of the wheel, struck a workman named Martin Golden, residing at No. 24 Smith street, upon the top of the head, cutting a gash about eight inches in length obliquely across the scalp from the back part of the crown to a point over the eye, and fracturing the parietal and frontal bones. The unfortunate man was placed in a carriage and at once driven to the office of J. W. Younge, at the corner of Calhoun and Grand streets, where his injuries were attended to. The wound was filled with hair and clotted blood. Six stickers were taken to close the gap. He was then taken to his home, where shortly after a hemorrhage occurred and Dr. Younge was again sent for. He found it necessary to re-open the wound in order to ligate the arteries and the bleeding was stopped. The chances of his recovery are very doubtful, as the brain was laid bare to view, and every pulsation could be noted, and in the process of dressing wrs necessarily more or less irritated, which, with the severe concussion sustained, will doubtless terminate in inflammation of the brain and paralysis.

The man is about 17 years of age, and has a mother and sister dependant upon him for support.

TO ADVERTISERS.

The circulation of the "Sentinel" is increasing so rapidly that it is necessary to go to press at a somewhat earlier hour than formerly in order to deliver the paper in all parts of the city at a proper hour. We will therefore regard it as a great favor if our advertising patrons will hand in their favors of every description at as early an hour as possible. In no case will display advertisements or changes be received after 10 a. m. for insertion the same day, and we should like to have them as much earlier than that as possible. It is needless to suggest that our advertising patrons are as much interested as ourselves in the prompt and faithful delivery of the "Sentinel."

BENSON'S CAPCINE POROUS PLASTER

BENSON'S CAPCINE POROUS PLASTER

MANUFACTURERS AWARDED THE ONLY MEDALS AT CENTENNIAL 1876. AT PARIS EXPOSITION 1878.

GIVEN FOR RUBBER PLASTERS.

FOR

LAME BACK,

Weak Back, Rheumatism, Kidney Disease, Stubborn and Neglected Coughs and Colds, Female Weakness, and all local Aches and Pains, it is specially recommended.

At no time in the history of medicine has an article appeared which has met with greater approval and success than Benson's Capcine Plaster. Why they are preferred to all other porous plasters, is owing to their improved composition; they act instantaneously, cure speedily and effectually.

Physicians and the general public who acknowledge the great benefits derived from the use of the ordinary porous plasters, however, maintain that their action is not sufficiently prompt, requiring time, patience, and continuous wear to effect a cure. Benson's Capcine Plaster overcomes this difficulty by accomplishing in a few hours, that which it takes any other plaster as many days.

Although a recent invention Benson's Capcine Porous Plaster has been thoroughly tested by physicians, and has been pronounced the most thoroughly efficacious plaster ever devised.

Its marvellous influence over the circulation, and general effect on the system is almost incredible; from the moment of its application to the affected part, it operates with astonishing vigor—brings relief and cures more effectually than any Plaster Liniment or Compound.

When you desire prompt relief, ask your druggist for Benson's Capcine Plaster. Avoid worthless plasters having a similar sounding name. Each genuine plaster has the word Capcine spelled C-A-P-C-I-N-E. Sold by all druggists, Price, 25 cents.

THE RAILROADS.

Wabash stock is still on the rise.

A new time schedule took effect on the Muncie yesterday.

The new master mechanic of the Wabash gives excellent satisfaction.

The railroads expect to do a big business in the excursion line this summer.

The change of time announced for yesterday on the Saginaw, was postponed until next Sunday.

The stockholders of the Delphos, Bluffton and Frankfort Railroad Company will meet at Delphos on the 23d inst.

S. Van Horn has resigned the agency of the Wabash & Erie freight line at Toledo and is succeeded by C. C. Gridley.

The Muncie road will probably unite with the Saginaw in the erection of the new passenger depot on the north side.

The valuation of the Wabash has been slightly reduced this year. The main line is put down at $30,000 and the side tracks at $3,000 per mile.

The Quincy, Missouri and Pacific Railroad in connection with the Wabash will form nearly an air line from Toledo west to the Missouri River.

Two or three badly shattered cars came in from the west on the Pittsburgh road this morning, but no information as to any wreck could be obtained at the South depot.

The Master Car Builders' Association convenes at Chicago, June 10th, this being its fifteenth annual meeting. The Grand Pacific Hotel has been selected as headquarters.

There are 200 miles of narrow gauge railroad now built and in operation in this state. Toledo is trying to get control of the entire system. Fort Wayne ought to move in the matter.

The Defiance *Democrat* says if the Wabash and B. & O. Roads would make a connection with their passenger trains at Defiance it would be a great accommodation to the travelling public.

Wabash earnings are reported as follows: Four months ending April 30, 1879, $525,653; 1878, $556,625; decrease, $30,980, per cent., 11.05. Month of April, 1879, 251,-793; 1878, 311,265; decrease, 59,472; per cent., 19.1.

The annual meeting of the stockholders of the Pittsburgh, Fort Wayne and Chicago Railroad will be held at Pittsburgh, on Wednesday. J. L. Williams and P. Hoagland will leave for that city to-morrow to attend.

In one of its daily blasts at the Wabash, the Chicago *Times* says that it "is in the hands of a receiver. The *Times* ought to know that the road passed out of the hands of a receiver at the time of the organization of the new company.

The following excursions are booked for Rome City over the Grand Rapids road: May 20th, freight clerks; May 24th, Walker and Underhill; June 1st, St. Mary's; June 5th, Good Templars; June 10th, 11th, 12th, Sunday school Congress; June 19th, Fort Wayne City Hospital.

The Hannibal *Courier* reports the following occurrence on the Wabash railway, at Bayliss, last Monday: Five or six tramps were discovered on freight train 96 and ordered off by Conductor Wilmarth. As the train started up six shots were fired through the windows of the car, at the conductor, by the tramps. Notwithstanding the car was full of passengers, none of the shots took effect. On arriving at the next station the conductor reported the occurrence, and in a few moments officers of the law were on after the miscreants. They were overtaken, and after a short battle with the officers, were arrested.

THAT WABASH MEETING.

The proceedings of the meeting of the Wabash directors at Toledo on Friday are gradually leaking out. The proposition to make a mortgage on the road of $200,000 for the purpose of taking up the Seney mortgage was approved. The proposition from the Quincy, Missouri and Pacific road was presented and referred to a special committee, consisting of general manager Hopkins and Mr. Joy, of Detroit. Confidence is expressed that the proposition will be favorably acted upon.

A committee from Detroit attended the meeting, and presented the importance of extending the Wabash to that city, and tendering the right of way and depot grounds. No action was taken, but the magnates said they recognized the importance of such an extension, and that some proposition would soon be acted upon.

Judge Cheney of this city, one of the directors, attended the meeting. He has returned home.

REMARKABLE TIME.

That fast train over the Wabash on Saturday, made the best time to St. Louis ever accomplished on a western road. The train left Danville at 12:50 p. m., reaching Decatur at 2:20, left Decatur at 2:25, arriving at St. Louis at 5:25. The train was delayed on the St. Louis branch thirty minutes by 864 journals. The distance from Toledo to St. Louis, 432 miles, was made in 11 hours. The train made stops as follows: Defiance, 12 minutes; Fort Wayne 25 minutes; Lafayette, 8 minutes; Danville 7 minutes; Decatur 5 minutes; St. Louis branch 30 minutes. Total stops 1 hour and 27 minutes, besides stops for all railroad crossings and for water. At several points the train made considerable distances at a faster rate than a mile a minute. The Wabash folks are very proud of this achievement and well they may be.

SERIOUS ACCIDENT.

An Employe of the Olds Factory Fatally Injured this Morning.

A frightful accident occurred at Olds's spoke factory this morning at about half-past 10 o'clock. A large iron pulley about thirty inches in diameter, revolving at a rapid rate, burst into four pieces and threw them in different directions. One piece, about one-fourth the size of the wheel, struck a workman named Martin Golden, residing at No. 34 Smith street, upon the top of the head, cutting a gash about eight inches in length obliquely across the scalp from the back part of the crown to a point over the eye, and fracturing the parietal and frontal bones. The unfortunate man was placed in a carriage and at once driven to the office of J. W. Younge, at the corner of Calhoun and Grand streets, where his injuries were attended to. The wound was filled with hair and clotted blood. Six stickers were taken to close the gap. He was then taken to his home, where shortly after a hemorrhage occurred and Dr. Younge was again sent for. He found it necessary to re-open the wound in order to ligate the arteries and the bleeding was stopped. The chances of his recovery are very doubtful, as the brain was laid bare to view, and every pulsation could be noted, and in the process of dressing wrs necessarily more or less irritated, which, with the severe concussion sustained, will doubtless terminate in inflammation of the brain and paralysis.

The man is about 17 years of age, and has a mother and sister dependant upon him for support.

BENSON'S CAPCINE POROUS PLASTER

BENSON'S CAPCINE POROUS PLASTER

MANUFACTURERS AWARDED THE ONLY MEDALS AT CENTENNIAL 1876. AT EXPOSITION 1878.

GIVEN FOR RUBBER PLASTERS, FOR LAME BACK,

Weak Back, Rheumatism, Kidney Disease, Stubborn and Neglected Coughs and Colds, Female Weakness, and all local Aches and Pains, it is specially recommended.

At no time in the history of medicine has an article appeared which has met with greater approval and success than Benson's Capcine Plaster. Why they are preferred to all other porous plasters, is owing to their improved composition; they act instantaneously, cure speedily and effectually.

Physicians and the general public who acknowledge the great benefits derived from the use of the ordinary porous plasters, however, maintain that their action is not sufficiently prompt, requiring time, patience, and continuous wear to effect a cure. Benson's Capcine Plaster overcomes this difficulty by accomplishing in a few hours, that which it takes any other plaster as many days.

Although a recent invention Benson's Capcine Porous Plaster has been thoroughly tested by physicians, and has been pronounced the most thoroughly efficacious plaster ever devised.

Its marvellous influence over the circulation, and general effect on the system is almost incredible; from the moment of its application to the affected part, it operates with astonishing vigor—brings relief and cures more effectually than any Plaster, Liniment or Compound.

When you desire prompt relief, ask your druggist for Benson's Capcine Plaster. Avoid worthless plasters having a similar sounding name. Each genuine plaster has the word Capcine spelled C-A-P-C-I-N-E. Sold by all druggists, Price, 25 cents.

THE RAILROADS.

Wabash stock is still on the rise.

A new time schedule took effect on the Muncie yesterday.

The new master mechanic of the Wabash gives excellent satisfaction.

The railroads expect to do a big business in the excursion line this summer.

The change of time announced for yesterday on the Saginaw, was postponed until next Sunday.

The stockholders of the Delphos, Bluffton and Frankfort Railroad Company will meet at Delphos on the 23d inst.

S. Van Horn has resigned the agency of the Wabash & Erie freight line at Toledo and is succeeded by C. C. Gridley.

The Muncie road will probably unite with the Saginaw in the erection of the new passenger depot on the north side.

The valuation of the Wabash has been slightly reduced this year. The main line is put down at $8,000 and the side tracks at $3,000 per mile.

The Quincy, Missouri and Pacific Railroad in connection with the Wabash will form nearly an air line from Toledo west to the Missouri River.

Two or three badly shattered cars came in from the west on the Pittsburgh road this morning, but no information as to any wreck could be obtained at the South depot.

The Master Car Builders' Association convenes at Chicago, June 10th, this being its thirteenth annual meeting. The Grand Pacific Hotel has been selected as headquarters.

There are 200 miles of narrow gauge railroad now built and in operation in this state. Toledo is trying to get control of the entire system. Fort Wayne ought to move in the matter.

The Defiance *Democrat* says if the Wabash and B. & O. Roads would make connection with their passenger trains at Defiance it would be a great accommodation to the travelling public.

Wabash earnings are reported as follows: Four months ending April 30, 1879, 1,325,553; 1878, 1,183,627; decrease, 168,066; per cent., 11.03. Month of April, 1879, 351,-793; 1878, 411,265; decrease, 59,472; per cent., 14.5.

The annual meeting of the stockholders of the Pittsburgh, Fort Wayne and Chicago Railroad will be held, at Pittsburgh, on Wednesday. J. L. Williams and P. Hoagland will leave for that city to-morrow to attend.

In one of its daily blasts at the Wabash, the Chicago *Times* says that road is in the hands of a receiver. The *Times* ought to know that the road passed out of the hands of a receiver at the time of the organization of the new company.

The following excursions are booked for Rome City over the Grand Rapids road: May 20th, freight clerks; May 24th, Walker and Underhill; June 1st, M. Crossley; June 5th, Good Templars; June 10th, 11th, 12th, Sunday School Congress; June 18th, Fort Wayne City Hospital.

The Hannibal *Courier* reports the following occurrence on the Wabash railway, at Bayliss, last Monday: Five or six tramps were discovered on freight train 96 and ordered off by Conductor Winnie. As the train started up six shots were fired through the windows of the car, at the conductor, by the tramps. Notwithstanding the car was full of passengers, none of the shots took effect. On arriving at the next station the conductor reported the occurrence, and in a few moments officers of the law were out after the miscreants. They were overtaken, and after a short battle with the officers, were arrested.

THAT WABASH MEETING.

The proceedings of the meeting of the Wabash directors at Toledo on Friday are gradually leaking out. The proposition to make a mortgage on the road of $200,000 for the purpose of taking up the Seeney mortgage was approved. The proposition from the Quincy, Missouri and Pacific road was presented and referred to a special committee, consisting of general manager Hopkins and Mr. Joy, of Detroit. Confidence is expressed that the proposition will be favorably acted upon.

A committee from Detroit attended the meeting, and presented the importance of extending the Wabash to that city, and tendering the right of way and depot grounds. No action was taken, but the magnates said they recognized the importance of such an extension, and that some proposition would soon be acted upon.

Judge Cheney of this city, one of the directors, attended the meeting. He has returned home.

REMARKABLE TIME.

That fast train over the Wabash on Saturday, made the best time to St. Louis ever accomplished on a western road. The train left Danville at 12:50 p. m., reaching Decatur at 2:20, left Decatur at 2:25, arriving at St. Louis at 5:23. The train was delayed on the St. Louis branch thirty minutes by hot journals. The distance from Toledo to St. Louis, 432 miles, was made in 11 hours. The train made stops as follows: Defiance, 12 minutes; Fort Wayne 25 minutes; Lafayette, 8 minutes; Danville 7 minutes; Decatur 5 minutes; St. Louis branch 30 minutes. Total stops 1 hour and 27 minutes, besides stops for all railroad crossings and for water. At several points the train made considerable distances at a faster rate than a mile a minute. The Wabash folks are very proud of this achievement and well they may be.

SERIOUS ACCIDENT.

An Employe of the Olds Factory Fatally Injured this Morning.

A frightful accident occurred at Olds's spoke factory this morning at about half-past 10 o'clock. A large iron pulley about thirty inches in diameter, revolving at a rapid rate, burst into four pieces and threw them in different directions. One piece, about one-fourth the size of the wheel, struck a workman named Martin Golden, residing at No. 34 Smith street, upon the top of the head, cutting a gash about eight inches in length obliquely across the scalp from the back part of the crown to a point over the eye, and fracturing the parietal and frontal bones. The unfortunate man was placed in a carriage and at once driven to the office of J. W. Younge, at the corner of Calhoun and Grand streets, where his injuries were attended to. The wound was filled with hair and clotted blood. Six stickers were taken to close the gap. He was then taken to his home, where shortly after a hemorrhage occurred and Dr. Younge was again sent for. He found it necessary to re-open the wound in order to ligate the arteries and the bleeding was stopped. The chances of his recovery are very doubtful, as the brain was laid bare to view, and every pulsation could be noted, and in the process of dressing wrs necessarily more or less irritated, which, with the severe concussion sustained, will doubtless terminate in inflammation of the brain and paraiysis.

The man is about 17 years of age, and has a mother and sister dependant upon him for support.

TO ADVERTISERS.

The circulation of the "Sentinel" is increasing so rapidly that it is necessary to go to press at a somewhat earlier hour than formerly in order to deliver the paper in all parts of the city at a proper hour. We will therefore regard it as a great favor if our advertising patrons will hand in their favors of every description at as early an hour as possible. In no case will display advertisements or changes be received after 10 a. m. for insertion the same day, and we should like to have them as much earlier than that as possible. It is needless to suggest that our advertising patrons are as much interested as ourselves in the prompt and faithful delivery of the "Sentinel."

BENSON'S CAPCINE POROUS PLASTER

BENSON'S CAPCINE POROUS PLASTER

MANUFACTURERS AWARDED THE ONLY MEDALS AT CENTENNIAL 1876. AT PARIS EXPOSITION 1878.

GIVEN FOR RUBBER PLASTERS.

FOR LAME BACK.

Weak Back, Rheumatism, Kidney Disease, Stubborn and Neglected Coughs and Colds, Female Weakness, and all local Aches and Pains, it is specially recommended.

At no time in the history of medicine has an article appeared which has met with greater approval and success than Benson's Capcine Plaster. Why they are preferred to all other porous plasters, is owing to their improved composition; they act instantaneously, cure speedily and effectually.

Physicians and the general public who acknowledge the great benefits derived from the use of the ordinary porous plasters, however, maintain that their action is not sufficiently prompt, requiring time, patience, and continuous wear to effect a cure. Benson's Capcine Plaster overcomes this difficulty by accomplishing in a few hours, that which it takes any other plaster as many days.

Although a recent invention Benson's Capcine Porous Plaster has been thoroughly tested by physicians, and has been pronounced the most thoroughly efficacious plaster ever devised. Its marvellous influence over the circulation, and general effect on the system is almost incredible; from the moment of its application to the affected part, it operates with astonishing vigor—brings relief and cures more effectually than any Plaster Liniment or Compound.

When you desire prompt relief, ask your druggist for Benson's Capcine Plaster. Avoid worthless plasters having a similar sounding name. Each genuine plaster has the word Capcine spelled C-A-P-C-I-N-E. Sold by all druggists, Price, 25 cents.
